

Operation Benevolent Heart.

Dear Board of Directors,

RMI is unveiling a new program called
Operation Benevolent Heart.

At each Board meeting, we invite you to recommend one deserving family in your community that is truly in need of some assistance. At the end of each month, we will draw one name from all the nominees and pay up to \$300.00 for delinquent assessments, fines, fees, or to correct a compliance issue, or to arrange for third party services on the homeowners behalf to help bring their property into compliance.

We are excited about this new program and we hope you will be, too!

Thank you for working together with us on...**Operation Benevolent Heart.**

getting to the heart of the community
